Electronic music producer since 1991, POL produces a music strongly inspired by EBM from the 80's and ELECTRO from nowadays, he calls it "neo-industrial". He performs this music on stage in a dark-stomping live set. At the same time, he proposes some electro laptop-dj set mixing the last techno-electro hits with some unreleased tunes from his or friends own production. He's the host of MAELSTROM radio show (electro, electronica, idm, ambient...) on the Internet radio [www.basic.ch](http://www.basic.ch) from which he is one of the founders. POL also creates interactives sound installations in which the public interacts directly with the sound environment. POL did perform in renowned venues such as Luxx in New York City, WMF in Berlin, Batofar in Paris, Luxclub in Lisbon, or the Discotheque in Barcelona.

 SUIZA - LIVE!  
 + LOS VECINOS + DIJON TRIATHLON  
 + VÉLEZ VS. MALA

**POL / Live Set (Suiza)**  
 El productor musical desde 1991 inspirado en el EBM de los 80's y en el electro actual. Es uno de los productores más activos de la actual escena electro en Suiza. Ha colaborado al lado de artistas de la talla de Water Lilly o Dave The Heater y publicado en su propio sello como Minimal Universe o Luemgen. Recientemente ha creado su propio sello Helvet Underground, en el que publica desde minimal beats hasta techno pistaero, repasando, lógicamente, los ritmos del electro y sus variantes. **Los Vecinos / Live Set (Colombia)**  
 Se perfoman como el live con más proyección mundial del momento en Colombia. Su experiencia es un encuentro entre dos latidos: el colombiano, que descarga una intensidad inmensa entre el acid house, el actual techno y el percussivo latinoamericano. Acompañados de una vibrante audiencia programando secuencias de vídeo... sin olvidar mucha la selectividad, se han convertido en una placentera experiencia para la pista de baile.

**Dijon Triathlon / Live Set (Colombia) + Vélez vs. Mala / DJ Set (Colombia)**  
 SERIE es un proyecto de difusión sonora que publica periódicamente material inédito de músicos latinoamericanos. Creado por algunos sujetos que residen en la ciudad de Colombia, SERIE produce y distribuye producciones de varios proyectos de música electrónica independiente.
